Your choice: 7
Enter Roll Number of the student: 001
Enter new CGPA of the student: 4

CGPA updated

Your next choice: 5
Name: Rahul, Roll Number: 001, Cgpa: 4.0, ISBN: 1

Your next choice: █
```

## IV) Notes and Instructions to run the code:

1. In your mysql command prompt run these commands:
  - i) source creatLib.sql
  - ii) source alterLib.sql
  - iii) source addData.sql
2. Come out of your mysql command prompt.
3. Run the command export CLASSPATH='\$path' where \$path is the path of mysql-connector-java-8.0.18.jar

file in your system. For eg. export  
CLASSPATH='/home/iiitb/Desktop/session 10/mysql-  
connector-java-8.0.18.jar:.'

4. In IMT2020061\_MainMenu.java change the username and password to your credentials of mysql command prompt.
5. Then run javac IMT2020061\_MainMenu.java
6. Then run java IMT2020061\_MainMenu

NOTES: In mysql command prompt, you can run source dropLib.sql to delete the database.
